

**Hungary-Serbia**

IPA Cross-border Co-operation Programme

## Proposal for course "Water Management"

**Cross-border network for knowledge transfer and innovative development  
in wastewater treatment**

**WATERFRIEND**

**HUSRB/1203/221/196**

The project is co-financed by the  
European Union

*Good neighbours  
creating  
common future*

- ✚ Course is created for post graduate education of engineers working in different fields of water and wastewater, as a kind of lifelong learning.
- ✚ Participants could be create own individual course by selecting two of the four elective subjects.
- ✚ Result: Certificate (and more importantly  knowledge acquisition)
- ✚ Estimated duration: 4 days + 1 day for tests
- ✚ Minimum number of participants: 3
- ✚ Course location: Faculty of Technology, University of Novi Sad

Hungary-Serbia  
IPA Cross-border Co-operation Programme

## Curriculum of Intensive Course

	The subject	Number of classes per day	Total number of classes
<b>Elective subjects (two of the four)</b>			
1	Basics of Water Technology	3	12
2	Basics of Wastewater Technology	3	12
3	Advanced Water Technology	3	12
4	Advanced Wastewater Technology	3	12
<b>Obligatory subjects</b>			
5	Industrial Management	2	8
6	Legislation in Water Management and Environmental Protection	2	8

The project is co-financed by the European Union

*Good neighbours*  
creating  
*common future*

## Who may be interested from our Faculty?

Faculty of Technology	HAVE	DO NOT HAVE
• Food biotechnology	Water technology Wastewater technology Environmental protection	
• Biochemical engineering	Water technology or Wastewater technology	Wastewater technology or Water technology
• Carbohydrate food engineering	Environmental protection	Water technology
• Canned food technology	Water and wastewater technology	
• Quality control	Water and wastewater technology	
• Pharmaceutical engineering	Water technology	Wastewater technology
• Chemical engineering	Environmental protection	Water technology
• Oil-petrochemical engineering	Environmental protection	Water technology
• Materials engineering		Water technology Wastewater technology
• Eco-energetic engineering	Wastewater technology Environmental protection	Water technology

## Who may be interested from other faculties?

	HAVE	DO NOT HAVE
• Faculty of Technical Sciences, Novi Sad – Environmental engineering	Wastewater technology Environmental protection	Water technology
• Faculty of Sciences, Novi Sad – Environmental protection	Wastewater technology Environmental protection	Water technology
• Faculty of Agriculture, Novi Sad – Water protection	Wastewater technology	Water technology
• Faculty of Technology and Metallurgy, Belgrade - Environmental protection	Wastewater technology Environmental protection	Water technology
• Faculty of Technology and Metallurgy, Belgrade – Biochemical engineering, Pharmaceutical engineering	Environmental protection	Water technology
• Civil engineering, Belgrade - Hydraulics	Water quality	Wastewater technology
• Civil engineering, Subotica- Hydraulics	Water technology Wastewater technology	

**Life is a journey.**
